How to Write a Lesson Plan

- Decide what you want to do the lesson on.
- Decide on the name of the Unit/Lesson, intended grade level, Subject area, Description of Lesson, Required materials, and Time allowance.
- What skill or prerequisites the students need.
- The Objective, Goals, and Standards.
  *Each state has their own standards/Frameworks AR is [http://arkansased.org/teachers/frameworks2.html](http://arkansased.org/teachers/frameworks2.html)

**TIPS:**
- Any lesson can be modified to any grade level.
- A good lesson will provide enough information that another teacher can teach the lesson.
- The objectives should be specific.
- In addition, the objectives should align with the Frameworks.
- HAVE FUN!

There are many sites to get lessons from here are a few:
(Remember, you can modify any lesson to the grade you teach.)
