Introduction

A team from the Introduction to Education class at NWACC presented information to kindergarten classes about recycling.

NWACC students planned recycling activities for two Lowell Elementary kindergarten classes.
This project served the community of Lowell Elementary by providing the students with knowledge about recycling and how it affects the environment.
Course Content Objectives

- Examine out beliefs and opinions about teaching and learning.
- Extend out understanding of self as a learner and future teacher.
- Integrate our knowledge of self and students to the context of the school.
- Broaden our understanding of the role of schools in our society.
- Review practical issues related to the teaching profession.
Methods

- Jenica contacted Mrs. Favorite at Lowell Elementary, and received project approval.
- We visited the elementary school four times over the course of two weeks.
- We provided reusable shopping bags from Target for the students to take home.
Technology Used

- Digital Camera
- Microsoft Word Processing
- Computer and Printers
- Internet Search Engines - Google
- Power Point
Projects and Activities Planned

- Ideas were presented through poster boards and books
- Items were brought and children decided which could be recycled
- Matching worksheets
- Students were provided materials so they could create their own recycling poster
Skills Achieved
Team and Individual

- Teamwork
- Patience
- Becoming more aware of environmental issues
- Planning activities and lessons for students
- Keeping the children’s attention
Children were successfully informed about the importance of protecting our environment.

Children learned the value of recycling and keeping the earth clean.
Acknowledgements

- Sharla Osbourn, Principal
- Marcia Neal, Assistant Principal
- Jessica Celaya, Teacher
- Julie Favorite, Teacher
- C. Dianne Phillips, EAST/EMPACTS Facilitator, NorthWest Arkansas Community College
A special thanks to all the students that made our project successful!

Another special thanks to the members of our group!
