• For our EMPACTS project we decided to get in touch with those at the Samaritan House to see what all goes into being able to help those in need.

• We were able to come up with a small survey to get some more information from the people and families who reach out to the Samaritan Community Center.

• We were able to receive some donations that we then placed in gift bags to give to those who participated in our survey.
During the project Cristina and Christina was able to attend a service and afterwards handed out twelve questionnaires about the services offered at the Samaritan house located in Springdale Arkansas.
Number of times people attend per week.

- Once a week - three people
- Twice a week - one person
- Three times a week - six people
- Four times a week - two people
Samaritan House offers Dental and Medical care to over 900 patients per year

In 2013 they assisted 20+ patients with dentures
SPRINGDALE MARKET HOURS:
9-11 am TU, TH

- Meals eaten per day
- Majority of people over age 35
- They all were thankful for the Samaritan house
