THE HOPE SUPPLY PROGRAM

Team Members
Jennifer Vehon
Nancy Huerta

Instructor:
Fall 2014, EMPACTS Project, MTCM, Math and Communications
Mary Catherine Carey, Instructor, Northwest Arkansas Community College, Bentonville, AR 72764
Our project goal is to educate the public about the “Hope Supply” program which is available to ALL breast cancer survivors.

We hope to reach more survivors and current patients so they may benefit from these services.

We also hope to inspire others to make donations to this worthy cause.
PROJECT GOALS

• To create a brochure with a Spanish translation to reach more breast cancer patients and survivors.

• To learn how to use technology:
  • Microsoft Publisher – Brochure
  • Microsoft PowerPoint – Presentation

• To use math as a tool to analyze data obtained from the Breast Cancer Society.

• To increase our communication skills
  • public speaking
  • Interpersonal – team work
  • written
TECHNOLOGY UTILIZED

- CAMERA/PHONE
- MICROSOFT POWERPOINT
- MICROSOFT PUBLISHER
- EMAIL
- INTERNET
OUR METHOD

- BRAINSTORMING AS A TEAM
- RESEARCHED RESOURCES AS A TEAM
- COMMUNICATED WITH HOPE SUPPLY PROGRAM - EMAILED TARA EMERSON @HOPE SUPPLY PROGRAM
- TRANSLATED INFO SUPPLIED BY TARA FROM ENGLISH TO SPANISH
- CREATED INFORMATIONAL BROCHURES
- TURNED BROCHURES INTO TARA FOR MARKETING APPROVAL
1 in 8 women (about 12%) will develop invasive breast cancer over the course of their lifetime.

- Approximately...
  - 232,670 new cases of invasive breast cancer are expected to be diagnosed in women in 2014.
  - 62,570 new cases of non-invasive will be diagnosed.
  - 2,360 new cases of invasive breast cancer are expected to be diagnosed in men in 2014.
2014 DATA (29,7600 CASES)

New Cases (2014)

- 232670, 78% - women (invasive)
- 62570, 21% - women (non-invasive)
- 2360, 1% - men (Invasive)

Who will get breast cancer this year?
The Hope Supply Program Project

Bentonville, AR
What is the Hope Supply Project?

- As a nonprofit organization, The Breast Cancer Society has partnered with retailers and manufacturers and are currently receiving their clearance and overstock items as donations. At present, TBCS has three Hope Supply Programs in operation to assist patients and their families. All donated items are available to breast cancer patients free of charge.

- Some of the items donated are Prosthetic Breast Inserts, Post-mastectomy Bras, Wigs, Bedding, Hygiene Products, Clothing, Household Products, Family Needs and MUCH MORE.

- There are different private rooms, the wig and prosthetic room, the beauty room, even a kid’s play room.
GETTING THE WORD OUT

- We are creating a flyer that can reach the Spanish speaking and the English speaking community.

- It will increase the number of survivors and patients currently enrolled in the program and possibly find more donations.
MEETING WITH TARA – DIRECTOR @ HOPE SUPPLY ARKANSAS
GETTING THE WORD OUT
Hope Supply has been my saving grace! I was diagnosed June 2014, I was overwhelmed with so many emotions. I stopped in at the center to ask for some resources not realizing what it was all about. Tara was so comforting, caring and reassuring. I couldn't believe such an awesome place was in NWA. I fell in love with Hope Supply and became a volunteer right away. I am humbled and honored to serve my breast cancer sisters and The Breast Cancer Society.

Shari Metz, Breast Cancer Fighter & Volunteer

Hope Supply is one of the BEST programs I have ever been apart of. It's a program that brings so much happiness to the patients. It is a stress reliever for the patients and seeing someone so happy and thankful or the small things in life makes me want to make a bigger difference in life.

Barbara Barrosa, Volunteer

Hope Supply has given me a sense of well being. I feel pampered and loved every time I go. Tara and the volunteers here are so kind and compassionate. They make me feel like family. The products are amazing. I am so thankful for this program. It has really made my journey more acceptable and easier to bear. Thank you.

Audrey Clemens, Breast Cancer Fighter

What We Do

We work to provide a vital avenue of financial and emotional relief during expensive cancer treatments. The Hope Supply Program coordinates with generous retailers and manufacturers to provide necessary everyday items and personal care supplies for you and your family. We do it in a supportive, hopeful environment of people working with people—specifically, other survivors who have walked in your shoes.

Our Supply Centers

Supply Centers can feel big and impersonal. But don't worry. You won't be alone. During your confidential appointment, your breast cancer advocate will guide you through the inventory, helping you select the appropriate products and supplies. We are here for you every step of the way.

Some of our most popular items include:

- Wigs
- Breast prosthetics
- Post mastectomy bras
- Family Needs
- Hygiene Products
- Beauty Products
- Cleaning supplies

More Than Supplies

Beyond the comforting lotions, loose-fitting t-shirts, sheets, bedding and slippers, you will find something else; lasting support from our compassionate staff. The women who visit our supply centers often form lifelong friendships and sisterhoods with one another. Frequently they are so touched by the personal Hope Supply experience, they wish to reach out to others facing breast cancers.

Also Take Advantage of

- Consultations for prosthetic bra fittings in our private consult area
- Wig fittings and styling advice
- Monthly support service meetings featuring motivational speakers and experts on topics such as the celebration of life, nutrition, reconstructive surgery, health and pain management, and much more.

El Programa de Hope Supply ha sido mi salvación. Fui diagnosticada con cáncer en junio de 2014, estaba muy agobiada con tantas emociones, pero al centro Hope Supply sólo para investigar de que se trataba, pero nunca me imaginé todo lo que hizo para encontrar. Tara fue muy amable, me hizo sentir muy cómoda, no podía creer que un lugar así estuviera en NWA. Me quedé enamorada del centro y comencé a ser voluntaria inmediatamente. Me siento honrada de servir en este centro a todas las mujeres que como yo están luchando en contra de esta dura enfermedad.

Shari Metz, Paciente y Voluntaria.

El Programa de Hope Supply es uno de los mejores programas a los que he pertenecido. Es un programa que trae mucha felicidad y alivio a los pacientes, siempre está buscando una luz al final del túnel, es la muestra que pequeñas cosas hacen grandes diferencias en la vida.

Barbara Barroso, Voluntaria.

El Programa de Hope Supply me ha dado un nuevo sentido a mi vida, me siento acogida y amada cada vez que voy al centro. Tara y las voluntarias son muy amables y compasivas, me hacen sentir en familia. Los productos que ofrecen son muy buenos, estoy muy agradecida de pertenecer a este programa, gracias a ustedes mi lucha es más fácil de llevar.

Audrey Clemens, Paciente.

Supplies. Support. Sisterhood
Nuestra Labor

Trabajamos para proveer apoyo financiero y emocional durante el costoso tratamiento de cancer. El programa de Hope Supply coordinado con donaciones de generosos comerciantes y fabricas proveé artículos de primera necesidad para el cuidado personal de usted y de su familia. Todo esto en un ambiente de apoyo y esperanza, brindado por personas que han estado en su misma situación.

CENTRO DE DISTRIBUCION

Nuestros centros de distribución pueden ser grandes y desconocidos, ¡pero no se preocupe! Nosotros estaremos allí para ayudarle con todas sus dudas, un experto la va a guiar atravez de todo el inventario para que pueda seleccionar los productos apropiados. Estaremos con usted a cada paso.

Mas que provisiones

Más allá de reconfortantes lociones, ropa comoda, sabanas, toallas y pantuflas, usted encontrara algo mas: un gran apoyo emocional de parte de nuestro personal. Las mujeres que visitan estos centros de distribución crean un ambiente de amistad y hermandad unas con otras. Frecuentemente les toca el corazón las experiencias de las personas que han enfrentado esta dura enfermedad.
